Forecast For Strathclyde
Issued by Met Office Aberdeen
at 0400 on Tuesday 19 Jan 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Mostly dry, but rain spreading from south. Showers in Argyll.

Today:
Central Belt mostly dry but turning cloudy. Southern areas overcast with rain edging north and turning persistent and heavy at times into afternoon, with snow developing across hills. Showers, and limited brighter spells in Argyll. Maximum temperature 5 deg C (41 deg F).

Tonight:
Periods of rain and snow in south soon extending across Central Belt early evening, then Argyll overnight as freshening northeast breezes develop. Minimum temperature -1 deg C (30 deg F).

Wednesday:
Cloudy with showers or longer periods of rain, sleet and snow. Best chance of brighter spells towards Argyll. Tending to turn drier from Central Belt southwards from evening. Maximum temperature 4 deg C (39 deg F).

Outlook for Thursday to Saturday:
Showers of rain and snow spreading across area on northerly winds Thursday and Friday. Outbreaks dwindling Saturday, then rain feeding to the south later.
